CS520 Assignment III
Due: April 1 (no joke)

2. Exercise 8.6 (a – g) on Pages 268 – 269 of Russell and Norvig (new edition). Exercise given below:

   Represent the following sentences in first-order logic, using a consistent vocabulary (which you must define):

   b. Every student who takes French passes it.
   c. Only one student took Greek in spring 2001.
   d. The best score in Greek is always higher than the best score in French.
   e. Every person who buys a policy is smart.
   f. No person buys an expensive policy
   g. There is an agent who sells policies only to people who are not insured.
